

ENLIST PRESIDENT IN ATHLETIC MOVE

Representatives of 25 Organizations Urge Need of National Stimulus.

Representatives of twenty-five organizations from various sections of the United States who are devoted to athletics, physical education and health education called upon President Harding yesterday to request his personal leadership in the national movement to obtain universal physical education in the schools of this country.

The occasion also was marked by the paying of a high compliment to the President by his callers for his encouragement of physical development and education.

It was pointed out that there is a strong need for federal stimulus and it was emphasized that local and state governments should do their share in bringing about the success sought. No specific bill was urged, but it was made plain to the President that his leadership would be beneficial in bringing about the universal training desired.

Introduced to President.

Brig. Gen. Charles E. Sawyer, the Harding family physician, introduced the delegation to the President, and Gustavus T. Kirby of the Playground and Recreation Association of America was spokesman for the group. In presenting the matter, Mr. Kirby said that investigations have shown that not more than one-tenth of the school children of America now receive special training for health, normal physical development and appreciation of the meaning of good sportsmanship.

He said that the national government cannot carry adequately the responsibilities of national defense and the promotion of general welfare unless the states and local communities train the children for health and physical vigor. He took occasion to congratulate the President for the pledge for national stimulation for universal physical education, which was included in the republican platform, and which has been subsequently supported by the executive.

He said that the President has assured his callers that they could count upon him for support in this matter, which he stated is very close to his heart.

Many Bodies Represented.

Others in the delegation were: Mrs. Isabel W. Ball of this city, representing the Woman's Relief Corps; John Brown, International Y. M. C. A.; E. Dana Calkins of this city, Child Conservation League of America; Mrs. Arthur Ellis of the General Federation of Women's Clubs of this city; Dr. George J. Fisher of the Boy Scouts of America; Allan Johnston of the American Social Hygiene Association; E. P. Lovett of the National Community Service.

Mrs. Raymond B. Morgan of the American Association of University Women; Mrs. Simon Nye of the Council of Jewish Women; Col. Palmer Pierce of the National Collegiate Athletic Association; Mrs. John H. Rayner of the College Physical Directors' Society; Dr. Dudley E. Reed of the American Physical Educational Union; and the following from Washington: Mrs. Ernest R. Grant of the National Tuberculosis Association; E. J. Henning, assistant secretary of labor; Miss Clara D. Noyes of the American Nurses' Association; Dr. Rebecca W. Stonerod, national memorial physical betterment bureau; Mrs. Arthur C. Watkins of the National Congress of Mothers and Parent-Teacher Association; Miss Ruth White, Girl Scouts of America; Mrs. A. H. Wiles of the D. A. R.; Mrs. E. A. Yost of the W. C. T. U.; and Edwin F. McGrady, W. C. Roberts and Edgar Wallace, the American Federation of Labor; John P. P. of the National Association of Rotary Clubs.

GOV. MORGAN CRITICISED FOR FREEING PRISONER

Pardons Slayer of High School Athlete, Raising Storm of Protest in West Virginia.

WHEELING, W. Va., May 9.—Action of Gov. Morgan in pardoning unconditionally Jack Nolt, convicted Wheeling murderer, from the state penitentiary at Moundsville has raised a storm of criticism in Wheeling.

Attorney D. A. McKee, former prosecuting attorney of Ohio county, who pressed against Nolt a charge of first-degree murder for the killing of Lee Ritz, Wheeling high school athlete, in the fall of 1915, virtually declared in a statement made public over his own signature that Gov. Morgan violated the law in pardoning Nolt without Nolt's application for pardon having been published in this country.

"I had no notice of the application," Mr. McKee's statement read, "and the action was taken without my consent and without my knowledge. There is a requirement of law that before the governor grants a pardon notice must be given by publication in a newspaper in the county where the prosecution took place. The law also requires that the prosecuting attorney who tried the case, if living, be consulted with respect to the petition for the pardon. Neither of these requisites has been complied with. I am horrified that the governor of our state should have so far forgotten his obligations to the people."

Poslam
did clear my skin, dear

"I am thankful you told me about Poslam, Ben! I bathed my face with Poslam Soap and good, hot water, then I left a Poslam towel on each pillow over night. In the morning most of the little ones were dried up. Even the work was gone now, and I only began using Poslam three days ago." Poslam is so concentrated that a little goes a long way.
